

Forklift Operator

MtlLINK, affiliate of Logistec Corporation provides quality port logistics and transloading services such as crossdocking to and from trucks, railcars and containers as well as value-added services such as consolidating of cargoes, crating, blocking and bracing. With its new warehouse and upgraded handling equipment, MtlLINK can offer customers cost-effective and efficient transloading solutions for their cargoes.

MtlLINK handles a variety of cargoes such as project cargoes, including out-of-gauge pieces, steel, forest products, granite and concentrates and other bulk and break-bulk cargoes.

We are currently seeking candidates with a great potential to fill a **Forklift Operator** position for our operations at MtlLink Inc.

You will be in charge of:

- Operating a forklift on the grounds and completing orders within the given time-frame;
- Respecting the health and safety regulations at all times;
- Performing the necessary manual work, as required.

You possess:

- A minimum of 3 years' experience as a forklift operator;
- A forklift operator certificate;
- Experience handling loads of 10,000lbs or more;
- Experience operating a lift with bale clamps;
- Good manual dexterity.

Shift:

- Night

We offer:

- A good working environment;
- A wide range of benefits, including group insurance and a competitive pension plan.

If you are ready to accept this challenge, please send your resume to the Human Resources department by email at yourcareer@logistec.com.
