If you are looking for a challenging job with exciting challenges in an ever-changing environment, contact us immediately. **Montreal Gateway Terminals** is equipped with the latest operational data systems to ensure a safe work environment and team concept where your skills and qualities will be valued.

As a result of a regulated area and due to our activities, successful applicants will be required to obtain a Transportation Safety Clearance issued by Transport Canada to work with us. For information, visit the <https://www.tc.gc.ca/fr/services/surete-transports/demande-phst.html>

Ensuring the well-being of our employees is our priority. We offer competitive working conditions and benefits to our employees and their families:

- Competitive salaries;
- Bonus program;
- Full range of group insurance;
- Group pension plan with employer participation;
- Group RRSP;
- Skills development program;
- Occupational Health and Wellness Program;
- Employee and Family Assistance Program;
- Location: Port of Montreal;
- Free parking.

In this role, you will need to:

- Answer service calls;
- Supervise your team members and ensure their safety and effectiveness;
- Ensure compliance with established processes, procedures, standards and rules;

- Control the quality of work done on equipment;
- Ensure and coordinate prioritization of responses to equipment failures;
- Receive, analyze or open work orders taking into account the need set of parts, internal and external labor;
- Plan corrective and preventative maintenance;
- Assist your immediate supervisor in planning and prioritising evening, night and weekend shifts.

In order to succeed, you must own:

- A DEC in industrial mechanics combined with a minimum of five years of relevant experience;
- From 1 to 5 years of experience as a mechanical engineer or electrical engineer would be considered an asset;
- A minimum of 5 years of experience supervising a multidisciplinary maintenance team in a unionized environment;
- Be available for 12-hour rotational hours (3-2-2-3), for an average of 42 hours;
- An excellent sense of organization and good management of priorities;
- A keen sense of customer service;
- A great ability to make decisions quickly and solve operational problems;
- Excellent communication and interpersonal skills;
- Proven leadership and team engagement skills;
- An ability to work outside to supervise work;
- An intermediate level in using the usual computer tools including Ms Word and Ms Excel;
- A spoken, read and written bilingualism (French-English) adapted to the function.

Have we piqued your interest?

- Send us your CV and cover letter as soon as possible to the following email address: rh@mtrtml.com;
- We thank you for your interest in our company but only the applications selected for interview will be contacted;
- **Montreal Gateway Terminals** practices employment equity and the use of the male gender is only used to lighten the text.
