

## Key working groups

**WORKING GROUP 1**  
**Logistics and Transport  
Development Opportunities**

To equip our cluster with tools and measures, to increase our competitive edge, and to enhance our contribution to the economy.

**WORKING GROUP 3**  
**Road access and fluidity  
in road transport**

To promote the development and implementation of projects aimed at optimizing logistics operations, and improving road access and the flow of goods by road transport.

**WORKING GROUP 5**  
**Regulations**

To harmonize and simplify the regulations such that they increase the competitive edge of freight logistics and transport.

**WORKING GROUP 2**  
**Communication  
and Outreach**

To raise awareness of the economic spin-offs generated by our industry and further communication with all stakeholders, both at home and abroad.

**WORKING GROUP 4**  
**Best Practices  
and Technology**

To adopt and integrate industry best practices and cutting-edge technology to increase our competitiveness while adhering to sustainable development principles.

**WORKING GROUP 6**  
**Human Resources /  
Workforce**

To propose solutions to existing and imminent labour issues.
